Proofing Options: Choose one or more. You can decide on these options after the wedding if you prefer.

On-line Proofing - 180 days:

- This is included with every package. This is an on-line interface that you, your friends, and family can use to order re-prints.

CD-ROM Proofs:

- \$49 for weddings or engagement sessions. This is a CD-ROM that has a copy of the on-line proof interface. This is handy if you have a slow internet connection, want more time than 180 days, or want digital versions of your images (lower resolution).

Printed 4x6 Proofs:

- \$250 for weddings, \$50 for engagement sessions. This is a full set of printed 4x6 proofs of all images. The proofs are regular 4x6 photographs, do not have any copyright stamp printed on them, and are yours to keep.

Digital & Print images: You can decide on these options after the wedding if you prefer.

Digital Negative CD-ROM:

- \$350 for weddings, \$99 for engagement sessions. This is a CD-ROM containing a full-resolution copy of every image
